# COOKIES & SIMILAR TECHNOLOGIES STATEMENT

**Cookies & Similar Technologies Statement**

This Cookies & Similar Technologies Statement ("CST Statement") describes the different types of cookies and similar technologies that are used on www.pgim.com (the "Website"). We may change this CST Statement at any time. Any changes in this CST Statement will become effective when we make the revised CST Statement available on or through the Website.

**What Are Cookies and Similar Technologies?**

Cookies are a standard feature of websites that allow us to store small amounts of data on your computer about your visit to the Website. Cookies help us learn which areas of the Website are useful and which areas need improvement. For this purpose, we may also use technologies similar to cookies, such as Flash Local Shared Objects (also known as Flash cookies) or pixel tags.

You can choose whether to accept the use of cookies and similar technologies in general by changing the settings on your browser. However, if you disable cookies and similar technologies, your experience on the Website may be diminished and some features may not work as intended.

**What Cookies and Similar Technologies Do We Use?**

Below we list the different types of cookies and similar technologies that are used on the Website. To the extent any personal information is collected through cookies, our Privacy Statement applies and complements this CST Statement. A session cookie is used to identify a particular visit to the Website. These cookies expire after a short time, or when you close your web browser after using the Website. A persistent cookie will remain on your devices for a set period of time.

**Essential Cookies.** Essential cookies enable you to navigate the Website and to use its services and features. Without these absolutely necessary cookies, the Website will not perform as smoothly for you as we would like it to, and we may not be able to provide the Website or certain services or features.

| Cookie Name | Description | Persistent or Session | 1st or 3rd Party |
|---|---|---|---|
| ASP.NET_SessionId | General purpose platform session cookie, used by sites written with Miscrosoft .NET based technologies. Usually used to maintain an anonymised user session by the server. | Session | 1st Party |
| AWSALB | Allocates server traffic to determine which server currently has the best availability. | Persistent | 1st Party |
| AWSALBCORS | Stickiness cookie associated with Cross-Origin Resource Sharing use cases | Persistent | 3rd Party |
| cookie-disclaimer | Used to store information that the user has seen the cookie disclaimer | Persistent | 1st Party |
| cerosdomaintracking | Directs Web browsers to allow cookie sharing only between Web sites in the same DNS domain | Persistent | 1st Party |
| cerosexperiencetracking | Directs Web browsers to allow cookie sharing only between Web sites in the same DNS domain | Persistent | 1st Party |
| dtCookie | Session cookie used to identify user sessions | Session | 3rd Party |
| dtLatC | Measures server latency for performance monitoring | Session | 3rd Party |
| dtPC | Page context cookie used to link web requests to user actions | Session | 3rd Party |
| dtSa | This cookie is used to save action names across pages so that performance can be monitored across pages. | Session | 3rd Party |
| eupubconsent | This cookie is used by the IAB Europe Transparency & Consent Framework to store the user's consent to the data collection Purposes. The cookie holds an encrypted consent string that vendors participating in the framework can read and determine the user's consent. | Persistent | 1st Party |
| incap_ses_* | Incapsula DDoS Protectiona and Web Application Firewall: cookie for linking HTTP requests to a certain session (AKA visit). Re-opening the browser and accessing same site are registered as different visits. In order to maintain existing sessions (ie, session cookie) | Session | 3rd Party |

| JSESSIONID | Used to identify the HttpSession object in further requests from client. | Session | 3rd Party |
|---|---|---|---|
| Limelight_HTML_Player_UserId | Assists in helping visitors view videos on the website | Persistent | 3rd Party |
| nlbi_XXXXXXX | Incapsula DDoS Protectiona and Web Application Firewall: cookie for linking certain sessions to a specific visitor (visitor representing a specific computer). | Persistent | 3rd Party |
| OptanonAlertBoxClosed | This cookie is set by websites using certain versions of the cookie law compliance solution from OneTrust.  It is set after visitors have seen a cookie information notice and in some cases only when they actively close the notice down.  It enables the website not to show the message more than once to a user.  The cookie has a one year lifespan and contains no personal information. | Persistent | 1st Party |
| OptanonConsent | This cookie is set by the cookie compliance solution from OneTrust. It stores information about the categories of cookies the site uses and whether visitors have given or withdrawn consent for the use of each category. This enables site owners to prevent cookies in each category from being set in the users browser, when consent is not given. The cookie has a normal lifespan of one year, so that returning visitors to the site will have their preferences remembered. It contains no information that can identify the site visitor. | Persistent | 1st Party |
| rxVisitor | This cookie is used to store an anonymous ID for the user to correlate across sessions on the world service | Session | 3rd Party |
| rxvt | This cookie is used to store two timestamps to determine session length and the end of a session | Session | 3rd Party |
| visid_incap_XXXXXX | Incapsula DDoS Protectiona and Web Application Firewall: cookie for linking certain sessions to a specific visitor (visitor representing a specific computer). In order to identify clients that have already visited Incapsula. The only cookie | Persistent | 3rd Party |

| | | | |
|---|---|---|---|
| | that is persistent for the duration of 12 months. | | |

**Preference Cookies.** Preference cookies collect information about your choices and preferences and allow us to remember language or other local settings and customize the Website accordingly.

| Cookie Name | Description | Persistent or Session | 1st or 3rd Party |
|---|---|---|---|
| _gclxxxx | Google conversion tracking cookie | Persistent | 1st Party |
| _pk_id.{id} | This cookie name is associated with the Piwik open source web analytics platform. It is used to help website owners track visitor behaviour and measure site performance. It is a pattern type cookie, where the prefix _pk_id is followed by a short series of numbers and letters, which is believed to be a reference code for the domain setting the cookie. | Session | 1st Party |
| _pk_ses.{id} | This cookie name is associated with the Piwik open source web analytics platform. It is used to help website owners track visitor behaviour and measure site performance. It is a pattern type cookie, where the prefix _pk_ses is followed by a short series of numbers and letters, which is believed to be a reference code for the domain setting the cookie. | Persistent | 1st Party |
| _uetvid | This is a cookie utilised by Microsoft Bing Ads and is a tracking cookie. It allows us to engage with a user that has previously visited our website. | Persistent | 1st Party |
| dtLatC | This cookie name is associated with, software from Dynatrace, an application performance management (APM) software company.<br>Their software manages the availability and performance of software applications and the impact on user experience in the form of deep transaction tracing, synthetic monitoring, real user monitoring, and network monitoring. | Session | 1st Party |
| dtPC | This cookie name is associated with, software from Dynatrace, an application performance management (APM) software company.<br>Their software manages the availability and performance of software applications and the impact on user experience in the form of deep transaction tracing, synthetic monitoring, real user monitoring, and network monitoring. | Session | 1st Party |
| dtSa | This cookie is used to save action names across pages so that performance can be monitored across pages. | Session | 1st Party |

| Cookie Name | Description | Persistent or Session | 1st or 3rd Party |
| --- | --- | --- | --- |
| ELOQUA | This domain is owned by Oracle for the delivery of online marketing services that were previously branded under the Eloqua name. | Persistent | 3rd Party |
| ELQSTATUS | This domain is owned by Oracle for the delivery of online marketing services that were previously branded under the Eloqua name. | Persistent | 3rd Party |
| s_ppv | Adobe Site Catalyst cookie. | Session | 1st Party |
| UID | This domain is owned by StickyAdsTV, a French company providing online video advertising services. | Persistent | 3rd Party |

**Social Media Cookies.** Social media cookies are used when you share information using social media and they collect information about social media usage.

| Cookie Name | Description | Persistent or Session | 1st or 3rd Party |
| --- | --- | --- | --- |
| bscookie | A secure browser ID cookie used by LinkedIn's follow feature | Persistent | 3rd Party |
| bcookie | This domain is owned by LinkedIn, the business networking platform. It typically acts as a third party host where website owners have placed one of its content sharing buttons in their pages, although its content and services can be embedded in other ways. Although such buttons add functionality to the website they are on, cookies are set regardless of whether or not the visitor has an active Linkedin profile, or agreed to their terms and conditions.  For this reason it is classified as a primarily tracking/targeting domain. | Persistent | 3rd Party |
| lang | This domain is owned by LinkedIn, the business networking platform. This sub-domain is connected with LinkedIn's marketing services that enable website owners to gain insight into types of users on their site based on LinkedIn profile data, to improve targetng. | Session | 3rd Party |
| lidc | This domain is owned by LinkedIn, the business networking platform. It typically acts as a third party host where website owners have placed one of its content sharing buttons in their pages, although its content and services can be embedded in other ways. Although such buttons add functionality to the website they are on, cookies are set regardless of whether or not the visitor has an active Linkedin profile, or agreed to their terms and conditions.  For this reason it is classified as a primarily tracking/targeting domain. | Persistent | 3rd Party |
| personalization_id | This domain is owned by Twitter. The main business activity is: Social Networking | Persistent | 3rd Party |

| | Services. Where twitter acts as a third party host, it collects data through a range of plug-ins and integrations, that is primarily used for tracking and targeting. | | |
|---|---|---|---|
| UserMatchHistory | Used to track visitors on multiple websites, in order to present relevant advertisement based on the visitor's preferences. | Persistent | 3rd Party |

**Analytics Cookies.** Analytics cookies collect information about your use of the Website and enable us to improve the way it works. For example, analytics cookies show us which are the most frequently visited pages on the Website, help us record any difficulties you have with the Website, and show us whether our advertising is effective or not. This allows us to see the overall patterns of usage on the Website, rather than the usage of a single person. We use the information to analyze Website traffic, but we do not examine this information for individually identifying information.

| Cookie Name | Description | Persistent or Session | 1st or 3rd Party |
|---|---|---|---|
| _ga | This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports. By default it is set to expire after 2 years, although this is customisable by website owners. | Persistent | 1st Party |
| _gat_xxxxxxxxxxxxxxxxxxxxxxxxxx | Google Analytics Cookiess | Persistent | 1st Party |
| _gid | Registers a unique ID that is used to generate statistical data on how the visitor uses the website | Persistent | 3rd Party |

**Adobe Analytics.** We use Adobe Analytics, which uses cookies and similar technologies to collect and analyze information about use of the Services and report on activities and trends. This service may also collect information regarding the use of other websites, appsand online resources. You can learn about Adobe's practices by going  to: https://marketing.adobe.com/resources/help/en_US/sc/implement/opt_out.html andopt out of them by downloading the Adobe Analytics opt-out browser add-on, available  at https://www.adobe.com/privacy/opt-out.html

**Pixel tags.** Pixel tags (also known as web beacons and clear GIFs) are used to, among other things, track the actions of users of the Website, measure the success of our marketing campaigns, and compile statistics about usage of the Website and response rates.

**Browser or Device Information.** Certain information is collected by most browsers or automatically through your device, such as your Media Access Control (MAC) address, computer type (Windows or Mac), screen resolution, operating system name and version, device manufacturer and model, language, Internet browser type and version, and the name and version of the Website you are using. We use this information to ensure that the Website functions properly.

**Physical Location.** We collect the physical location of your device by, for example, using

satellite, cell phone tower, or Wi-Fi signals. We use your device's physical location to provide you with personalized location-based services and content. We also share your device's physical location, combined with information about what advertisements you viewed and other information we collect, with our marketing partners to enable them to provide you with more personalized content and to study the effectiveness of advertising campaigns. In some instances, you can allow or deny such uses and sharing of your device's location, but if you do, we and our marketing partners may not be able to provide you with the applicable personalized services and content.

**Device Fingerprinting.** In order to be able to offer you content that we believe may interest you based on your activity on the Website, and for fraud prevention and authentication purposes, we may also use other technologies that are similar to cookies. For example, we may gather device attributes and combine information collected by most browsers or automatically through your device to create a unique ID that identifies your browser or device to us with reasonable certainty. In this context we may collect, use, and combine the following information:

- Number of visits
- Last visit
- First visit
- External IP address
- Internal IP address
- Screen resolution
- Geolocation (latitude/longitude based on IP address)
- Device performance benchmark
- Device bandwidth benchmark
- Device user-agent (browser type, version)
- Device capabilities (Modernizer string for browser capabilities)
- Device operating system
- Device plugins installed
- Browser language

- Flash enabled or disabled
- Device time on file
- Keywords used if coming from search engine
- Pages visited
- Length of visit
- Referral page
- Mouse cursor position
- Mouse clicks
- Page scroll position

**How Do I Manage Cookies and Similar Technologies?**

In addition, you can refuse or accept cookies from the Website at any time by activating the settings on your browser. Information about the procedure to follow in order to enable or disable cookies can be found on your Internet browser provider's website via your help screen. Please refer to http://www.allaboutcookies.org/manage-cookies/index.html for information on commonly used browsers. Please be aware that if cookies are disabled, not all features of the Website may operate as intended.

Please note that this will not fully remove the cookies that have already been set on your device. You can delete cookies that have already been placed on your device by following these instructions:
